**The Sky Card Advantage:** The Sky Card program benefits anyone flying at least 5 times per year. With the Sky Card, Blue Star Jets is able to "lock-in" a plane at an attractive price. In private aviation, prices will vary based on the date of your trip and the availability of aircraft on that date. By purchasing a Sky Card, you give Blue Star Jets the ability to get you the right jet at the right price.

**ONE-WAY PRICING:** A Sky Card entitles members to receive **one-way** pricing at time and a half. For example, a one-way trip from New York to Miami is 3 hours of flight time. As a member, your Sky Card would be debited for 4.5 hours (1.5 x 3 hours) rather than being charged for the round trip of 6 hours. One-way pricing applies only to continental U.S. trips, depending on availability.

All flights are operated by Part 135 carriers. Operators providing service for Blue Star Jets clients must meet standards set forth by the Federal Aviation Administration (FAA).
